

Mayo Clinic Preventive Medicine Fellowship
Minnesota
Elective Description

A. Location: Minnesota

B. Length of elective: 3-4 weeks

C. Goals of Program:

D. Elective director contact info: Prathibha Varkey, MD, MPH
prevmed@mayo.edu; 507-384-49966

E. Coordinator contact info:

F. Types of daily/weekly activities in which the student is likely to participate:

Formal elective offered throughout the year. The preventive medicine clerkship, offered through Mayo's Division of Preventive and Occupational Medicine, provides senior medical students with an opportunity to learn firsthand about the principles and applications of general preventive medicine, environmental/occupational medicine, aerospace medicine, public health and o quality improvement. This is accomplished with clinical, laboratory and field experiences pertinent to the specialty. Didactic content is provided in the form of a syllabus, preventive medicine seminars and tutorials.

G. Populations with whom the student is likely to work:

H. Diseases and issues with which the student is likely to gain familiarity.
