

15th Annual Preventive Medicine Review Course

Syllabus Order Form

Description:

The Review Course Syllabus contains outlines, reference lists, and handouts provided by the faculty of the 15th Annual Preventive Medicine Review Course held August 24–28, 2002. The course is designed to help physicians to prepare for the American Board of Preventive Medicine (ABPM) Certification Examination by providing a comprehensive review of the specialty. The materials vary from year to year as faculty members revise their materials and as new faculty members are added. The topics covered each year include biostatistics, epidemiology, chronic disease, infectious disease, injury prevention, environmental health and medicine, behavioral medicine, public health law, occupational medicine, administration management, and specialty reviews of general preventive medicine/public health, occupational and environmental medicine, and aerospace medicine.

Cost & Availability:

- \$295 for ACPM Members
- \$340 for non-members

Available August 2002 through July 2003
